

CONSUMPTION

- Each person in the US consumes **27 tractor trailer loads** of stuff — wood, minerals, metals, plastics — per year, **90% of it becoming waste** before we ever see it.
- **40% of litter** is snack food wrappers and containers.
- In the US, we throw away **40 million water bottles** every day.
- US citizens have a **23.7 acre** footprint when it comes to lifestyle choices. In order to be sustainable, we would need to bring this number down to **4.5 acres**.

CONSUMPTION

- In the US, we see an average of **20,000 commercials** per year. This amount of advertising comes from watching TV for **three hours** a day.
- Kids in the US get **69 new toys** per year. Marketers spend **\$15 billion** a year on kids 12 and under.
- A person in the US buys **48 items of clothing** per year.

No one can serve two masters; for a slave will either hate the one and love the other, or be devoted to the one and despise the other. You cannot serve God and wealth.
—Matthew 6:24, NRSV

CONSUMPTION

What you can do:

- Lower your trash footprint from 3.4 acres to .04 acres by reducing, reusing, buying in bulk, recycling, composting, and home canning.
- Turn off the TV.
- Turn down bags and packaging at the store.
- Don't go to the store.
- Be happy with what you already have.
